PROFESSIONAL SUMMARY

IT graduate (CGPA 8.75) with 6 months of Data Science experience at iLink Digital. Worked on Power BI dashboards, Microsoft Fabric pipelines, and full-stack web apps. Holding DP-600 (Microsoft Fabric Analytics Engineer). Looking for a Data Analyst or Software Engineer role.

WORK EXPERIENCE

Data Science Intern | iLink Digital

Feb 2025 – Aug 2025

- Created data pipelines using Microsoft Fabric and Power BI to analyse ride-hailing data and improve fleet deployment.
- Created Power BI dashboards that helped increase user engagement by 30%.
- Analysed ride-hailing data to find bottlenecks, cutting average customer wait times by 15%.
- Followed cloud best practices using ADLS Gen2 and Azure Well-Architected Framework to keep costs and overhead low.
- Passed the DP-600 exam and earned the Microsoft Fabric Analytics Engineer Associate badge.

EDUCATION

B.Tech in Information Technology | Vishwakarma Institute of Information Technology, Pune 2021 – 2025

CGPA: 8.75 / 10

PROJECTS

AI Chatbot for Government Schemes | Tech: Python, Flask, NLP, HTML/CSS, JavaScript

- Developed a chatbot using NLP that answers questions on 50+ government schemes — eligibility, how to apply, and benefits.
- Deployed on Flask and handled 200+ user sessions per day with fast response times.
- Added live threat detection that improved security response time by 30%.

Agri Market – Digital Marketplace for Farmers | Tech: React, Node.js, MongoDB, Express.js

- Launched an e-commerce site for 100+ farmers to sell directly to buyers, with 500+ product listings.
- Set up a Node.js and MongoDB backend that handles real-time inventory and processed 1,000+ transactions reliably.

Crop Prediction System | Tech: React, Node.js, Python, Machine Learning

- Made a machine learning tool that looks at soil and weather data to suggest the best crop for farmers to grow.
- Helped local farmers improve crop yield by around 20% by giving them data-based crop suggestions.

TECHNICAL SKILLS

Languages: Python, JavaScript, C/C++, HTML, CSS, SQL

Data & Analytics: Power BI, Microsoft Fabric, Pandas, NumPy, Machine Learning

Web Frameworks: React.js, Node.js, Express.js, Flask

Databases: MongoDB, MySQL, Firebase

Cloud & Tools: ADLS Gen2, Azure, Git, GitHub, VS Code

Credentials: Microsoft Fabric Analytics Engineer Associate (DP-600) — accredited by Microsoft

LEADERSHIP & ACHIEVEMENTS

Vice President – NSS VIIT | Vishwakarma Institute of Information Technology Aug 2023 – Jul 2024

- Managed 150+ volunteers and ran 10+ events like blood donation camps and tree plantations, reaching 2,000+ people.
- Organised a 7-day camp in Jamgaon Village for 130+ participants focused on community development.
